## Driving Under the Influence of Drugs Enforcement and Adjudication in DEC and Non-DEC States

**Project Manager:** Derece Smither, (Email: derece.smither @dot.gov; Phone: 202-366-9794)

The objective of this project is to collect nationally representative data regarding the number of drivers arrested, prosecuted, and convicted of DUID, both in states that have DEC programs, as well as non-DEC States. The contractor also considered some number of cases where plea agreement has been reached, resulting in charges other than the original DUID charge. In the course of this effort, the contractor is to identify barriers to obtaining these data and propose methods for overcoming them.
